The Hudson Natural Open was once again a big success. Big lifts and tight competition was the order of the day. Connie Tewes and Gina Nitecki battled out to a tie in the Women's State 129# class. Connie winning on body weight. Dave Gilman edged out Mark Albertus and Bill Miller to take home first place in the Men's 181# class. Paul Immekus held on through dead lifts for a win in the 220's over Jim Cahill. Greg Steele was forced into a PR 655 pound deadlift to overcome his constant rival Kurt Weyrough. It sure is a lot of fun to see at least one class come down to the last lift, but to have had so many classes come down to the heavy pulling and strategy moves that we had at this competition was absolutely great! This meet was what my idea of a spectators delight. On top of all the close competition, there was plenty of huge lifts made by others. Gerri Steele's 215 bench, 400 deadlift, and 955 total. Pat Beaumaster's 575 squat in the 148's. Kim Sartin's 800 squat and 515 bench. Dave Adamovich's 535 bench and very near miss of 555. There are always times that I ask myself why we spend so much time and effort on putting on this meet annually, but the lifters themselves make it all worth it! Women, Teen, Master, or open lifters, it didn't matter. They did a great job of making this meet a success also. A special thank you to the Best Western Hotel-Hudson House Inn, and to all the spotters, loaders, card handlers, announcers and general helpers for all their efforts. We hope to see you all again next year!

SPECIAL NOTICE:

*** BROTHER BENNETT WILL BE MISSED! HE PASSED AWAY 11-17-94. ***
