

# AMERICAN DRUG FREE POWERLIFTING NEWSLETTER

Volume 2 Issue 3

AUGUST 1995

## PRESIDENTIAL MESSAGE

I am out of the frying pan and into the fire - and that fire is the spirit of drug-free powerlifters all across this country, burning a path into the future as the ADFPA continues to step up it's leadership in the world of powerlifting.

Many thanks go out to our former ADFPA officers and committees, whose integrity and commitment bore us through some tough times. Their hard work has given us a good, solid foundation upon which to build. My personal thanks goes out to all of you for the confidence you have placed in me, by electing me to be your ADFPA President.

Your newly elected Executive Committee has a good mix of experience and new blood which will blend well in working towards the goals and objectives of the ADFPA. The input and abilities of our members are needed as well. As Brother Bennet has said, this is your organization, and it is good to be actively involved on levels other than lifting. If you have an ability to serve on any of our committees, contact the National Office and you will be referred to the appropriate Committee Chair.

One of the areas of focus for the ADFPA is to sanction more meets. It is a plain and simple fact, to benefit our members and promote our sport - we have got to hold more meets. Your Executive Committee is already beginning to forge a plan to support and encourage Meet Directors, especially new ones. If you have ever considered putting on a competition - grab your phone, talk with your State Chair about an open date, and ask for a sanction form when you have the details worked out. If you are willing to take on the challenge, there is a wealth of support to tap into by asking your State Chair, National Offices, Area Referees and fellow Meet Directors. The pride and respect of your fellow lifters will be yours to take home after the meet.

Unification of the sport of powerlifting is an area that former President Bob Gaynor has already started on. Unification is a process however, and will not happen overnight. Drug tested challenge matches between associations would be a great way to start. Ultimately, all members of the world's strongest sport could benefit. We will continue to provide leadership as an organization, welcoming those who want the integrity the ADFPA has to offer.

In closing, I would like to offer you my personal commitment to move forward for what is best for the ADFPA - while keeping a sensitive ear open to the individual need of the lifter. From our beginnings in 1981 we have been leading the

powerlifting world by example. If we all do our part, we will set the standard for the next Century.

ADFPA President Michael Overdeer

## KEEPING IT TOGETHER

by Peter Gisondi, Jr

I got my first taste of powerlifting back in 1981 at an unsanctioned contest. I really enjoyed that contest not knowing what an event should be like. It lasted from 8:30 AM 'til 10:30 PM with 75 lifters competing. I thought all contests were that long. I remember not having to buy a membership card to lift, wearing gym shorts and a tee shirt with a dog on the front of it, no equipment check and no trophy. I continued lifting at these meets until 1984 when I entered my first organized contest. I remember signing a release form stating I was drug-free for so many months. Also, that the meet director told us we needed a lifting suit and we have to know the rules of performance for all three lifts. "What rules?" The ADFPA rules which Mr. Fred Glass was happy to inform us of. That contest had about 60 lifters and was over by 5:00 PM. What a difference compared to the other so called power events I lifted in. Since 1984, I've been a member of the ADFPA and have never lifted with another organization. In 1989, the New York State chairman, Wait Bird, had a lifter's meeting at the New York State championships. He told us unless we got involved with the ADFPA that he couldn't keep it together only running two contests a year in New York. He told us to take the referee's test, to get a meet sanctioned, to be a part of the solution and not the problem. These things would help keep it together.

We started doing so and, by 1995, New York State has a great many new meet directors who really care about keeping it together.

My message is easy, stay with one organization, don't run, don't hide, don't back stab, don't remain silent, don't undermine, and don't jump ship. Remember if you're not happy with your association the word "fight" not "flight" should come into play. Come out to the National meeting, be a part of your association. Talk to your state chairman about rule changes for the advancement of the ADFPA. Make a difference and help keep it together.

## ADFPA ELECTS OVERDEER PRESIDENT

## STATE HIGH SCHOOL MEET PREPARATION by Stephanie Whiting

Last month Bruce Sullivan, master lifter and Wisconsin State Chair, detailed how to organize a state high school powerlifting system. His advice for preparing for a state high school championship can make the project a lot less intimidating.

**Where to find helpers:** Recruit spotters and loaders from the students who are most familiar with spotting techniques: the football, track, soccer and other sports team members who train in the weight room. Student help can also be utilized on the day of the meet with wall charts, expediting, admissions, concessions, clean-up, etc.

**Enlist the parents of lifters as help:** If they are not available on the day of the meet, parents can help with the many tasks that need to be done in the weeks prior to the meet (wall charts, meet program, sponsorship for concessions, signage). If there is a parents' booster club that supports the team sports, approach them for help. If there isn't a parents' booster club, it may be time to help form one! They can work the concessions table and help with meet site set-up. To expedite the set-up, give them a plan on paper ..where the tables, platforms, bleachers, PA system, warm-up area are to be located.

**Concessions:** This is a responsibility that can be given to the parents booster club. They can approach area grocers for donations or reduced prices (buy in bulk!) with the merchants being listed as sponsors in the program booklet. Bruce gives each meet worker two food tickets which they may exchange for whatever they like at the food table. He also supplies the meet workers with sodas. Because you will need a large quantity of beverages, Bruce suggests that in the months previous to the meet, you buy cases of beverages at stores which feature a sales price as a "loss leader."

**Expediting the card registration process:** To register 100-150 high school lifters at a meet, Bruce estimates that you would need 1000 pencils and a couple extra hours! On top of all that, he guarantees a large percentage of the registration forms would be illegible. To simplify the process, when the student sends in the entry form, require that both the entry fee and ADFPA card fee be sent in with it. Before the meet, use the entry forms to fill in the ADFPA card and expediting card. Then all the student has to do on meet day is sign the ADFPA card and fill in first attempts on the expediting card. It is to your advantage not to allow late entries; you can then have a reasonable idea how the weight classes will be filled.

**T-shirt sales:** Don't set this up as a pre-sale because there is too much work involved. On meet day people change their minds about sizes and quantities or forget what they ordered and the last ones to pick up their shirts are stuck with only small or triple x's. Set up the shirt sales at the meet.

**Lifters Photos:** Sue Rasor Sullivan took charge of this project by employing the high school photography club to take photos and run negatives to the one hour photo shop. The club set up tripods and checked lighting in front of all three platforms. Photos were taken of each of the lifters' squat attempts—these three photos were sold as a package for \$4.00. Sue would suggest charging \$5.00 (no need for dollar bills for change!) Contact the photo shop ahead of time to prepare them for the bulk developing and see if they will quote you a set flat fee. In the weeks prior to the meet, you can order discount film ahead of time. Other meet directors have put lifters' photos on the award plaques (under protective plexiglass). This makes a very nice personalized award.

**PUBLICIZING MEET:** Watch for new sport publications in your state—they are an excellent resource for publicizing your ADFPA meets. In Wisconsin, "Sport Life," dedicated to sports, fitness and healthy lifestyles, is published bi-monthly and distributed through a free rack distribution of 14,000 copies. The distribution locations are health and fitness centers, sporting equipment dealers, dance schools, hospitals and sport rehab centers, recreation departments and YMCA's. The Calendar of Events listings are free to non-profit organizations.

**SPECIAL OLYMPICS POWERLIFTING**

by STEPHANIE WHITING

In thirteen years of powerlifting as a competitor, referee, meet director and coach, one of the most rewarding experiences has been working with Special Olympic athletes. Last year, the Wisconsin Special Olympics office called and asked if International competitor-Theresa Ryskoski and I would run a powerlifting clinic and host the regional powerlifting meet. The local YMCA powerlifting club helped us with meet set-up, spotting and loading and expediting. It was a thoroughly enjoyable afternoon of teaching and learning and giving encouragement to 21 athletes. The Y powerlifting club members worked with the lifters during the warm-up sessions, helping the athletes on their form for the bench press and deadlift, the two lifts that were contested last year. Two months later, we ran the Wisconsin Special Olympics State Powerlifting Meet. At this time, we also coached the athletes on the squat which was allowed into the Special Olympics games this year.

This past spring, I ran a special Olympics powerlifting clinic for coaches and a month later, we hosted the 1995 Wisconsin Special Olympics Regional Powerlifting meet. Once again the Y powerlifting club helped out. They looked forward to working with the athletes again, as much as, Theresa and I did. How to put into words the wonderful spirit that comes from an afternoon of being with the Special Olympians? First unconditional friendship, then enthusiasm, followed by total dedication to athletic performance; all of this in a supportive atmosphere where all lifts are celebrated.

Would you like to become involved in your state's Special Olympics powerlifting program as a coach, referee or meet director/helper? Or would you like to start powerlifting in your state's Special Olympics games? The two Sport Directors for Special Olympics Powerlifting are:

**WHY LIFT?**

by SABRINA WALHEIM

The message on my answering machine said "Your presence is required at my party this Friday night in New York City." The wheels of my brain started churning..."Let's see, if I do Day 3's workout on Wednesday, I could go to the gym at 5 AM on Thursday to do Day 4, and then go back in the afternoon to do Day 5 after work, and I can travel to New York on Friday,...but will I have enough rest to be at my best for the squat?"

In the end I decided to stay home from the party, and to do my workouts as regularly scheduled. My friend could not understand: "Why can't you just skip it this one time?" she asked. I tried to explain how that was a ridiculous request, that just as she would not consider skipping a day of work at her Wall Street job, it would not cross my mind to skip a day of training at the gym. "It would be like asking a priest to skip Sunday mass, or like

asking the president to stay home from the State of the Union, like..." I think she probably hung up on me before I had finished my list of analogies. To her I was just "going to the gym" to "work out" like everyone else. How could I explain to her that my training is not an act of vanity, nor a fitness craze, nor a pointless obsession? To me it has become my art.

Daily I enter my "studio", the gym, prepared to focus on certain "sketches" I've been thinking about all day. I can barely wait to get there and get started. As I change my clothes I reflect upon a time when I would come here wondering, "How will this workout turn out? Will I be intense? Will I get the results I want today?" I smile as if I were a parent recognizing themselves in their own child. I know from experience that as surely as I am there, so is my desire, and my intensity. Uncertainty has long since melted into purpose.

There is no time for socializing in my studio, for everything down to the last second of rest is a calculated brushstroke requiring immense concentration. People around me know that there is no use trying to talk to me in the gym. There is plenty of time to talk later, there will always be other days like I had today, but there will never be another now, and with this in mind I set to work. I begin and concentration draws me far away from those around me.

I imagine that most people probably look in a weightroom and notice the dust on the floor, tears on the corners of the benches or on the cable pulley, and rust creeping around the ends of the bars. They wince as the plates clash like cimbals when stacked together, or they jump at the crash of thunder when those hit the floor. They sense the severity of the iron, they feel discomfort amidst the grime, they tense while watching someone struggle under the weight of the bar, they smell the sweat.

But it is so much more sensual an experience for the artist. I see the gradual back and forth motion of chalk rubbed rhythmically into calloused palms, as stray flakes precipitate to the thin dust that traces my footprint against the floor. I smell a hint of citrus in each spark of friction as I load the oxidizing iron plates to the bar. I feel the gentle placement of my palm against the bar, the subtle curl of my fingers wrapping around it, and the reassuring caress of my thumbs acknowledging familiar grooves. I taste my own quick breaths desperately exchanging dry staling anxiety for the cool invigorating menthol of fresh oxygen. And I hear...nothing. I am erect, unflinching, my mind furiously races over the critical checkpoints, ready to readjust my position at any moment. There is a surge as armies of cells invade my muscles and attack in a swelling pulse of power. This is control, this is my reality. I am not exercising without purpose, I am exercising Mind over Matter.

I am euphoric.

I will wake up tomorrow with purple welts behind my knees where my wraps were. There will be chafed burns twisting across my hips from my weight belt. I will move about my day under the ponderance of a profound soreness resonating throughout my flesh. Yet I will be dreaming of my art and the work that lies on the way to improvement. The beauty of my art is that there is no limitation known as mastery. Knowing this, I will be further inspired when I return to my studio once more that afternoon.

| The 1995 ADFPA Tennessee State/Mid South Classic was LONG with some excellent lifting from 57 lifters entered from 9 states. There were 59 state records broken or established. David Anguish, from Payne's Gym in KY, had a National qualifying total in the 220's. Todd Arnold, from TN State Univ, and Shawn Fornstell, from Cagle's Gym in Marietta, GA, achieved their Elite totals in the 242's. Thanks to Coach Israel and to Memphis Catholic HS for the use of their fine facility. Thanks to Powerhouse Gym of Memphis for all their help and to Aluma-Form Inc. and the National Association of Letter Carriers for sponsoring the Drug Testing. Thanks to all the lifters for hanging in there and making this an exciting competition. We nearly tripled our lifters from last year. |     |     |     |      | Poulin, D                    | 240  |       |

1995 FED. A.A. Conference State/Mid West Classifications was LONG with some excellent lifting from 57 lifters entered from 9 states. There were 59 state records broken or established. David Anguish, from Payne's Gym in KY, had a National qualifying total in the 220's. Todd Arnold, from TN State Univ, and Shawna Forristall, from Cagle's Gym in Marietta, GA, achieved their Elite totals in the 242's. Thanks to Coach Israel and Memphis Catholic HS for the use of their fine facility. Thanks to Powerhouse Gym of Memphis for all their help and to Aluma-Form Inc. and the National Association of Letter Carriers for sponsoring the Drug Testing. Thanks to all the lifters for hanging in there and making an exciting competition. We nearly tripled in size from last year so we're planning a two day meet for next May, hopefully making it easier on everyone. See ya'll next year. **MAYHEM MAYHEM**

**Powerlifting/Bench Press Championships were held on 20 May 1995 in the see page 14**

# ADFP A COMING EVENTS

**SEPTEMBER 21-22, 1996 ADFPA Bench Press National**, Michael Cissell, 15 Lakeside Drive, Lake St Louis, MO 63367 314-625-1225

Fitness Center at Brooks AFB, TX. This was the first time we had the opportunity to host this event and with 94 lifters that participated, there is no doubt that this number will only increase in the future.

Several state records were broken or established. The meet started at 0930 and when the smoke cleared and the last deadlift was attempted at 5:00 PM, this meet was in the books.

Big Mark Henry, who in the past was a member of the US Olympic lifting team, stopped by to use this meet as a warm-up to the Nationals. Mark distinguishes himself as the worlds strongest, pound for pound drug free lifter, and if this was not a warm-up for the 6'3" UNL, then I can't imagine what he would do, full speed ahead. His bread and butter are definitely the squat and deadlift with the bench being the event he does, just to show that he can. He started the day armed with nothing but an attitude and a lifting belt, wraps and suits would not be needed today. After a seemingly easy 800 lb squat, he did 450 on the bench and finished the day in Mark Henry fashion, by deadlifting 850 lbs and holding it with a smile, while cameras flashed and spectators applauded. A 2100 lb total and national records was equalled on a day when he was his toughest competition.

Not to be outdone by Mark, a true 165 bench pressing strongman made his presence felt. Gregg Warr, who had an incredible 534 lb bench back in March at the Budweiser Record Breakers, came in battling a nasty cold but still managed a state record with 465 lbs, while weighing in at only 152 lbs.

Tracy Smith from the University of Texas at Austin, set a female Junior record as she finished with a total of 742.5 at the end of her day.

In the womens 176, it was Linda Green who set a state record with a combined total of 960. In the Womens Masters 176, Ft Hood Paulette Calhoun had a combined total of 815 lbs and a state record.

At 165, Al Lewis set a state deadlift record on his final attempt with a 590 lb lift.

Tim Crumrine set a teenage state record with a total 1275 lbs combined.

Larry Johnson set a 198 lbs state bench press record with his 425 lb lift.

Tyron Wilson established a state record in the 242 Masters bench with a lift of 390 lbs.

Dennis Abernathy, who has had better days still managed to set a state bench press record in the 242 open with a lift of 455 lbs.

Wayland Harrison proved the teens are on the rise as he set a teenage state record in the 242 lb class with a 1520 lb total.

Finally, not to be forgotten was Johnny Graham whose lifting and state records go together. He had a relatively easy day, as he passed on most of his attempts and still managed a 1700 total as the 242 lb master used this as a tune up meet for the Worlds.

The team title went to the Johnny Graham coached team from Ft Hood. This team will settle for nothing but first, where anything less than that leaves a bad taste in their mouth and a path for revenge.

Congratulations and thanks go out to the following: Dr Jan Todd - newly elected Texas state chair, Dr Terry Todd, Kim Beckwith, Jim Simmons, Johnnie Martinez, Conrad Martinez, Rob Widman, Ray Moody, National Military chair Johnny Graham and Jim Klostergaard. Without these individuals officiating and support this could have been a nightmare.

Gary Pendegrass of the Sequin Fitness Center who with his computer and microphone announced a smoothly run two platform meet.

My spotters and administration support, who do all the dirty work and do it with a smile. Finally, the men and women who competed are the reason why all the work that was put into this event, was worth it. Look forward to seeing you at next years event.

The 1995 MN Star of the North BP-DL was held Saturday June 17 in the climate controlled Falcon Heights School Gym. That was good, as it was 95 degrees with high humidity that day. Referee duties were handled by W Jaroslawski, J Stockwell, K Roettgering, B Keller and D Dulski. Taking next attempts was B Vincent and S Green did the scoring.

17 year old N Greenwald of Stacy, MN got three solid bench attempts finishing with a meet record 130 lbs. Also in the teen division young J Green opened with a meet record 255 lbs for the gold medal with N Hyldin striking gold in the deadlift at 148 lbs. J Zosel was the lone entry in the teen 220 lbs and finished with a fine 455 lb pull. J Leach was our youngest competitor at 16 years old and pulled a fine 405 lbs for his gold medal.

We had two entries in the womens masters 122 lb class. ADFPA newcomer but no stranger to powerlifting, C Schmidt won a silver medal in the bench in her first ADFPA competition. J Rivet was the gold medalist with a 135 lb bench and an easy 255 deadlift.

Seven master blasters showed up for theights in Falcon Heights. St Paul law enforcement officer D Schmidt, ripped to the shreds from some recent bodybuilding contests, benched a fine meet record 280 lbs. In the 181 lb class, C Lindemans had a fine day finishing off with a 510 lb dead. Last year's Citgo Star of the North athlete of the year, G LaBelle, displayed his usual fine form winning two golds in the 198's. Roseville's J Bernsten, sporting a new tattoo, finished with two meet records in the 220 lb masters class. 45 year old B Croteau continues to improve with every outing. 52 year old B Norton of Rockford, MN had a good time finishing with a fine 285 lb second attempt, barely missing 300 on his third. In the 275 lb masters division, the likable 71 year old R Davis once again proved the theory "The scenery only

changes for the lead dog". Roger got three successful, solid attempts finishing with an easy 330 lbs.

In the open division, 1994 National Police and Fire powerlifting champion P Beaumaster benched a fine 300 and UNL-Werges, M pulled a meet record 500 lbs. At 181 lbs OPEN 148 South St Paul's J Klein came to deadlift 165 and ripped up a fine 550 lbs. 33 year old J Peck pulled a fine 525 in the 198 lb class. 28 year old D Lusby was the only lifter on the day to be successful on all 6 attempts. David took the bronze medals in the 220's. M Edelstein got the biggest bench of the meet with a gold medal winning 380 lbs on a fine effort. J Cahill pulled more in this meet (685 lbs) than he totaled in his first ADFPA contest back in 1989. That is a rare distinction. In the 242's B Edelstein captured the gold in the DL with a fine 560 lbs. B Madvig took the gold back home to Eden Prairie with a fine 330 lb bench. L Nosan had a fine day finishing as our bronze medalist in the 242's.

I would like to thank Twin Cities Gym and Northwest Racquet, Swim and Health for their generous equipment loan and if it wasn't for Dustin and Kirk I still might be in Falcon Heights tearing down and delivering equipment. Thank you. A special thanks to Sandi and Vanessa for supporting me through these contests.

## SPORTS MEDICINE

Dear Dr. Hartle: I have been experiencing wrist pain in both wrists that started about a month ago. The pain usually occurs after a heavy bench or squat workout, but can also occur from push-ups, driving long distances with either hand doing the driving, etc.. Basically any activity that requires having the wrist/hand bent backwards for any period of time. I also occasionally experience some tingling in my hands during/after the activity. This occurs sporadically and I cannot tell when it will happen. I do not want to have surgery. Is there anything I can do to help relieve this pain and tingling? GK South Dakota

Dear GK: There could be several reasons why this is happening. First, one must consider bar placement within the palm while lifting. This is in reference to both the squat and the bench. I see many benchers have the bar placed too far down the hand. This causes excessive extension of the wrist and actually places the lifter at a biomechanical disadvantage when pushing the bar up. The excessive extension also compresses various structures in the infamous carpal tunnel, through which the median nerve passes. Second, a lot of caused by very tight and sore wrist extensor muscles, those found on back of the forearm. These muscles originate near the elbow and insert on various wrist bones. When we squat or bench, these muscles are used extensively to help keep the wrist back. The tingling is usually a sign that a nerve is being compressed. This could be from a muscle/soft tissue that is very tight and places pressure on the nerve as it passes through or around the muscle/soft tissue that is very tight and places pressure on the nerve as it passes through or around the muscle/soft tissue (called peripheral nerve entrapment) or from a bony structure that the nerve passes by. To help alleviate and possibly fix the above problems, you need to evaluate your hand placement in the squat or bench. Correct what you need to. Wearing wrist wraps seems to help some lifters as it restricts movement of the wrist, thereby decreasing possible compression problems. Regular stretching of the wrist flexors and extensors would also help a great deal. I am enclosing some exercises to help with your recovery. If you find these suggestions do not help, please call me and we can discuss further options. Good Luck!!

Please send your questions for the Sports Medicine Committee to Dr Michael Hartle, 126 South Main Street, Seymour, WI, 54165. If you would like a personal response, please send a SASE with \$1.00 to cover additional postage and other expenses. I also welcome your comments on the committee/column. You can contact me at (414)833-7844/FAX (414)833-7483.

**NATIONAL GOVERNING BODY MOTIONS****THE FOLLOWING ARE MOTIONS RESULTS AS VOTED AT THE NATIONAL MEETING ON JULY 14,1995.**

|                                                                                                                                                                                                                                                                                                                                                                                                                           |                           |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------|
| <b>BY-LAWS:</b> That the ADFPA By-Laws be approved as revised and provided to the National Governing Body. (Law and Legislature Committee)                                                                                                                                                                                                                                                                                | <b>PASSED</b>             |
| <b>WEIGH-INS:</b> That Section V., <i>Weighing-In</i> , Page 24, Item 6-" <u>Lifter must be weighed nude</u> " be changed to " <u>A lifter may be weighed nude or in underwear consisting of a non-supportive standard cotton or nylon brief. Women competitors may wear also a bra which meets the requirements of a bra as described in Section III, page 15, item B.</u> "                                             |                           |
| The remainder of item 6 would be unchanged. (Referee Committee)                                                                                                                                                                                                                                                                                                                                                           | <b>PASSED</b>             |
| <b>MINIMUM LIFTING AGE:</b> That the minimum lifter age for ADFPA membership be lowered to thirteen years. (Lifter request/Gaynor)                                                                                                                                                                                                                                                                                        | <b>FAILED</b>             |
| <b>ADFPA OFFICIALS:</b> A. That elected and appointed ADFPA officials who have ADFPA voting rights and fiduciary responsibilities and also hold the same or similar rights and responsibilities in other powerlifting organizations that compete with the ADFPA for lifter affiliation be required to select one Federation to support. Those not selecting a Federation would lose their ADFPA voting status. (Sortwell) | <b>COVERED BY BY-LAWS</b> |
| B. That no ADFPA Committee Member, or State Chair, shall hold a Committee Position or be a State Chair of any other Powerlifting Federation, while holding the ADFPA Position. If they hold these two positions now, they must resign the other Federation's position within 30 days or FORFEIT the ADFPA position. (Schroeder)                                                                                           | <b>WITHDRAWN</b>          |
| C. That any ADFPA member, who is an officer or committee member (ie National Committee, State Chair) be required <u>NOT</u> to hold office in any other organizations; and if someone does hold a position in an organization other than the ADFPA, that they be required to resign one or the other position within a 30-day period. (Kostas)                                                                            | <b>WITHDRAWN</b>          |
| <b>SPORTS MEDICINE:</b> A. That the <i>Blood Borne Pathogen/Infectious Material Handling Procedures</i> be accepted as is for inclusion in the ADFPA rules. (Sports Medicine Committee recommendation)                                                                                                                                                                                                                    | <b>PASSED</b>             |
| B. That the National Governing Body <u>reconsider</u> (rescind) last year's motion regarding gender testing. (Sports Medicine Committee recommendation)                                                                                                                                                                                                                                                                   | <b>PASSED</b>             |
| C. That the ADFPA combine the Sports Medicine Committee and the Drug Testing Committee into one committee being the Sports Medicine Committee. (Sports Medicine Committee recommendation)                                                                                                                                                                                                                                 | <b>FAILED</b>             |
| D. That all lifters on ADFPA banned substances for medical reasons may seek approval to take their medication the week prior to any ADFPA meet provided they and their treating doctor sign a medical records information and release form. This does not include any persons taking strength-enhancing medications. (Sports Medicine Committee recommendation)                                                           | <b>DIED</b>               |
| <b>HIGH SCHOOL:</b> A. That High School Nationals be held during one of the last two weekends of March. (Recommended by Teenage Committee)                                                                                                                                                                                                                                                                                | <b>PASSED</b>             |
| B. That the men's 148 3/4 lb weight class in high school competitions only be eliminated and replaced with two separate and new weight classes: 142 lbs and 153 lbs. (Recommended by Teenage Committee)                                                                                                                                                                                                                   | <b>FAILED</b>             |
| C. That the ADFPA have two division High School Nationals, an <u>open division</u> consisting of any age teen and <u>freshmen-sophomore division</u> . Competitors can compete in <u>only one division</u> .(Teenage Committee)                                                                                                                                                                                           | <b>PASSED</b>             |
| D. That qualifying totals from any organization for the High School Nationals be acceptable.(Recommended by Teenage Committee)                                                                                                                                                                                                                                                                                            | <b>FAILED</b>             |
| E. That the High School Nationals have an entry deadline or not to exceed two weeks prior to the contest.(Recommended Teenage Committee)                                                                                                                                                                                                                                                                                  | <b>PASSED</b>             |
| <b>PERFORMANCE BOND:</b> A. That individuals bidding on National Meets must include a \$300.00 bid bond, to ensure compliance with the bid. Bond amount to be returned after the meet is successfully completed. (Gaynor)                                                                                                                                                                                                 | <b>WITHDRAWN</b>          |
| B. That individuals bidding on National meets must include a \$300.00 bid bond. Bond amount to be returned after the meet is completed in compliance with the bid, per calendar year. (Brady)                                                                                                                                                                                                                             | <b>PASSED</b>             |
| <b>LIFTING RULES:</b> A. That early weigh-ins (the night before) be permitted to break State Records. (Villarreal)                                                                                                                                                                                                                                                                                                        | <b>FAILED</b>             |
| B. That early weigh-ins be allowed at all meets, and all record setting situations. (Lifter request)                                                                                                                                                                                                                                                                                                                      | <b>DIED</b>               |
| C. That early weigh-ins be allowed except for individuals setting American Records. (Lifter request)                                                                                                                                                                                                                                                                                                                      | <b>DIED</b>               |
| D. That the reimbursement of all Meet Drug Testing be limited to the 10% required and that all drug testing expenses that supports American Record applications be assumed by the National Office. (Cramer)                                                                                                                                                                                                               | <b>WITHDRAWN</b>          |
| E. That National meet directors who do additional drug testing at National meet, should be eligible for the drug testing reimbursal. (Brady)                                                                                                                                                                                                                                                                              | <b>PASSED</b>             |

- F. That first time Meet Directors be reimbursed for drug testing at 50% with approval of ADFPA President.(Miller) **FAILED**
- G. That the squat suit with four layers of material down through the straps into the butt be illegal.(Trevorah) **ALREADY DISAPPROVED**
- H. That a decision be made in regards to the double denim and double canvas bench shirts.(Trevorah) **ALREADY ILLEGAL**
- I. That the man-made muscle bench shirt (zipper in back) be approved. (Lifter request) **ALREADY ILLEGAL**
- J. That non-supportive suits may have legs longer than 15 cm, as long as, they do not reach the knee and they do not touch any knee-wraps. (Sortwell) **PASSED**
- K. That, when plates/blocks are used for footing on the bench, the foot may extend past the plate, as long as, it remains in the same spot during the lift, it is basically flat, and the positioning is not deemed to create an advantage in the judges' discretion. (Sortwell) **WITHDRAWN**
- L. That should a competitor receive permission to substitute his spotters for official spotters, and one or more of those spotters take any action that, contrary to the rules, aids the lifter the lifter and his spotter will be immediately warned that attempt will be forfeited and any subsequent actions by those spotters at that competition that serves to illegally aid that or any other competitor can be grounds for removal of the lifter(s) from the competition, at the discretion of the referee in charge.( Mooney) **DIED**
- M. That token lifts not be allowed in a 3 lift meet to break American or National Records. (Villarreal) **DIED**
- N. That on Nov 1st each year all lifters become free-agents and may sign on with the team of their choice. (Villarreal) **DIED**
- O. That the number of lifters in a team be raised from 10 to 12. (Villarreal) **DIED**
- P. That lifters from states which have no State Chair/ Championships be allowed to compete/set state records in a neighboring states.(Villarreal) **DIED**
- Q. That State Records stay active for 5 years. (New records are to be set as of Nov 1st of the 5th year. (Villarreal) **DIED**
- R. That the reimbursement of all meet drug testing be limited to the 10% required.(Mathieu) **DIED**
- S. That the meet directors at all National and WDFPF meets have small 1/4 and 1/2 Kg plates available for record setting.(Mathieu) **PASSED**
- T. That polygraph testing be eliminated and all lifters intending to compete at men or women nationals must register as a member during each January in order for them to be subjected to out of meet testing.(Sortwell) **FAILED**
- REFERRED TO SPORTS MEDICINE COMMITTEE FOR RECOMMENDATION:**
- A. That lifters taking ADFPA banned substances for medical reasons may seek approval to take medication the week prior to any ADFPA meet provided they sign a medical records information and release form. (This form will be sent to the National Office and forwarded to the ADFPA drug testing committee for evaluation.) (Miller)
- B. That we look into the fact that some of our master lifters take medication with lasix added due to their blood pressure.(Trevorah)
- C. That a lifter with a PROVEN medical history be allowed to take their medication (such as Lasix) up to the meet time without recrimination. (J Pyra)
- REFERRED TO THE LAW AND LEGISLATION COMMITTEE FOR RECOMMENDATION:**
- A. That when a rule or By-Law is set and voted on at the national meeting, the Executive Committee cannot change it.(Trevorah)
- B. That By Law Article XIV Section 14.10 Distribution of Assets etc, be amended to read that Only the NGB not the Executive committee make this decision. (J Pyra)
- C. That Article XII Section 12.5 A, 3 of the By Laws, be deleted. (J Pyra)
- D. That Article II Section 2.2 E be deleted. (J Pyra)
- E. That five Administrators' Representative positions be established and voted upon in the same manner as Athletes Representatives .(Sortwell)
